Tech Essentials That **Go Beyond Basic.**

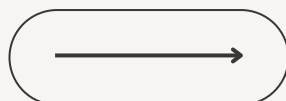

WELCOME TO **SKREED**

Skreed was built around the idea that colour is personal. This tech accessories brand aims to give you more choice than anywhere else.

With 240 carefully curated shades across the spectrum, Skreed helps people find the colour that feels like them. This is a novel way of approaching personal tech, one that puts individuality before convention and choice before compromise.

Beyond its palette, every Skreed product is precision-engineered from premium materials to create something that is as durable as it is distinctive.

Skreed has redefined colour-first tech personalisation in international markets. Now, we are bringing that innovation to India.
